

**RELIEF
IS ON
THE WAY.**

Cadence Living is proud to announce that we will be participating in the **Pharmacy Partnership for Long-Term Care Program** announced by the Department of Health and Human Services and Department of Defense. We are working with state health agencies and participating pharmacies to procure COVID-19 vaccinations for our residents.

Per the CDC Advisory Committee on Immunization Policies and the state immunization plan, **OUR RESIDENTS** are recommended to be within the **FIRST group of recipients** to receive the COVID-19 vaccine as soon as one is available. Please make sure you secure your residency now in advance of the first wave of vaccine distributions.

We are proud of the efforts of each Cadence Living community to be an industry leader during these unprecedented times.
